Ramsey County established the Reuse, Recycle, and Renovate for Reinvestment Program (the "4R Program" for short) in April 2010. Stat. Ch. 398A, as a "political subdivision of the State of Minnesota to exercise thereunder part of the sovereign power of the state."

**RAMSEY / WASHINGTON Recycling & Energy Board**

The Ramsey/Washington County Resource Recovery Project Board was established according to a Joint Power Agreement approved by Ramsey and Washington Counties, in recognition of the need for developing alternatives to landfill disposal of solid waste and for recovering valuable resources therefrom, and in response to the directives of the State of Minnesota. In 2015, the Board reconstituted itself as the Ramsey/Washington Recycling & Energy Board (REB).

After two years of study, discussion, and stakeholder input, the REB voted to purchase a resource recovery facility in Newport, Minnesota previously owned by Resource Recoveries Technologies. The facility processes mixed municipal solid waste into refuse-derived fuel (RDF) that is burned at two Xcel Energy electrical generating plants. On December 31, 2015, the REB closed on the acquisition of the property and has been operating it as a RDF facility since.

The REB will be exploring alternative technologies to employ at the site of the Newport facility that will further the state and county's environmental goals.
