# **RAMSEY COUNTY COMPREHENSIVE FEE REPORT**

## **Background**

The County Board has authority to set fees, subject to limitations provided by law, per Section 2.02 of the Home Rule Charter. The Board reviews and approves fee increases as part of the annual budget process. Fees that require Board approval and/or a public hearing are considered at that time. This process facilitates an annual review of fees, one public hearing, publication and notice, and a time certain opportunity for public comment. It also clearly links the estimated revenue from fees to the Proposed Budget. Fees set by Statute are not approved through this process and only fees with proposed increases have been included in the past. Occasionally, approval of fee increases may be requested during the year, outside the budget process, because of unforeseen changes.

2024 and 2025 Proposed fee increases will be discussed at the Budget hearing of Sept 05, 2023. Charges for Services Revenue financed 20.0% of the County budget in 2023 and will finance 19.9% of the Proposed Budget in 2024 and 20.5% of the Proposed Budget in 2025. This is based on the budget as presented to the County Board on August 22, 2023.

## **Fee Policy**

The County attempts to minimize property tax requirements through aggressive use of non-property tax revenues available from user fees. The County establishes user charges and fees when appropriate and direct benefits are identifiable. Fees are set at a level related to the cost of providing the service or otherwise legally allowable. The cost of providing services includes both direct and indirect costs. In some cases, fees are also sensitive to the market for similar services.

## **Ramsey County Comprehensive Fee Schedule (Pages 4-102)**

The attached schedule lists all fees departments charge for services and for licenses and permits. The 2024 - 2025 fees as proposed are shown. Also included are the increases/decreases from 2022 to 2024. For each fee, noted is who has fee determination authority; County Board (CB), State Statute (SS), State Agency rule/regulation, etc. and the last date that the fee changed. Also included are the increases/decreases from 2023 to 2024 (highlighted in the report for easy reference).
