

## Adult Detention Center Lobby Control

- Update the lobby control room and video visitation room
- Remodel and combine the current lobby control room and the video visitation spaces into a single and more efficient work area
- The current lobby control room is cramped, outdated, and inefficient
- Staff working in this control room are responsible for all releases as well as admitting visitors, handing bail and bond payments, and taking calls from the public
- Funding is requested in 2028 (\$401k)
