

## Adult Detention Center Open Booking

- Remodel the open booking area to allow for more efficient use of space, improved safety and security, and better alignment with modern industry standards
- The open booking area is responsible for the admission of new arrestees, including search, booking, medical screening, property inventory, data entry, photos, and fingerprinting.
- This is a heavily used part of the building that has activity occurring 24/7/365 and the current design dates to 2003
- Processes and technologies have changed over the last 20 years.
- Funding is requested in 2027 (\$312k)
