

RAMSEY COUNTY

2006 - 2007

FEE SCHEDULE

RAMSEY COUNTY 2006 - 2007 FEE SCHEDULE FOR SERVICES, LICENSES & PERMITS BY DEPARTMENT

The Ramsey County Board has authority to set fees, subject to limitations provided by law, per Section 2.02 of the Ramsey County Home Rule Charter. The Board reviews and approves fee increases as part of the annual budget process. Fees that require Board approval and/or a public hearing are considered at that time. This process facilitates an annual review of fees, one public hearing, publication and notice, and a time certain opportunity for public comment. It also clearly links the estimated revenue from fees to the Budget. Fees set by Statute are not approved through this process. Occasionally, approval of fee increases may be requested during the year, outside the budget process, because of unforeseen changes.

The County attempts to minimize property tax requirements through aggressive use of non-property tax revenues available from user fees. The County establishes user charges and fees when appropriate and direct benefits are identifiable. Fees are set at a level related to the cost of providing the service or otherwise legally allowable. The cost of providing services includes both direct and indirect costs. In some cases, fees are also sensitive to the market for similar services.
