

CAPITAL CITY RIVER PROJECTS

As the River Capital, Saint Paul's unique history, culture and economy are connected to the 17 miles of Mississippi River that flow through it.

Saint Paul's future is the river, which is why business, government and nonprofit leaders are collectively focused on reconnecting to its greatest natural asset. More than \$2.7 billion of investment is currently planned or underway for projects along Saint Paul's riverfront alone.

RIVER PROJECTS >

>> Eastbound Kellogg RiverCentre Bridge

Reconstruction of an 80-year-old regionally significant bridge and tunnel along the river bluff that serves as a gateway for more than seven million visitors each year. A separated bike and pedestrian trail are also included.

Agency: City of Saint Paul **Status:** Seeking funding
Total cost: \$38 million **Bonding request:** \$26 million

>> River Learning Center

A mixed-use space serving as a gateway for people to experience the land, water and culture of the Mississippi River.

Agency: City of Saint Paul & Great River Passage Conservancy

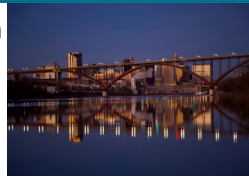

Status: Schematic design
Total cost: TBD **Bonding request:** \$20 million

>> River Balcony

A 1.5-mile promenade along downtown Saint Paul's River Bluff transforming urban infrastructure into public space.

Agency: City of Saint Paul & Great River Passage Conservancy

Status: Schematic design; community engagement
Total cost: TBD

>> Lower Landing Park

Renovations to the 21.4 acre park along the Mississippi River will include entryway and plaza improvements, a dog park, and a nature trail. Viking River Cruises will also dock at Lower Landing Park.

Agency: City of Saint Paul

Status: Construction of the dog park anticipated to begin in 2022

Total cost: \$10.5 million

>> The Park at RiversEdge

A nine-acre dynamic urban park that will expand public access to the Mississippi River.

Agency: Ramsey County

Status: Seeking state funding for public space; finalizing development agreement for \$800+ million in private development

Total cost: \$80 million **Bonding Request:** \$26 million

>> Wakan Tipi Center

Cultural and environmental interpretive center preserving a Dakota sacred site.

Agency: Lower Phalen Creek Project

Status: Ready to bid

Total cost: \$8.6 million **State investment:** \$4 million

>> Bruce Vento Bridge

A bicycle and pedestrian bridge providing access to the Mississippi River, Downtown Saint Paul, the Bruce Vento Nature Sanctuary and the future Wakan Tipi Center.

Agency: City of Saint Paul

Status: Sited, designed and in city master plans

Total cost: \$23.5 million

>> East Side River District

A world-class vision to reveal, heal, connect and protect a dynamic, 1,000-acre river landscape.

Agency: City of Saint Paul & Great River Passage Conservancy

Status: Fundraising for schematic design

Total cost: TBD
