		622 (North St. Paul-Maplewood-Oakdale) has proposed to revoke the school district's existing referendum revenue authorization of \$489.86 per pupil and to replace that authorization with a new authorization of \$1,389.86 per pupil. The proposed new referendum revenue authorization would increase each year by the rate of inflation and be applicable for ten years, beginning with taxes payable in 2016, unless otherwise revoked or reduced as provided by law.  Shall the school district's existing referendum revenue authorization be revoked and the increase in the revenue proposed by the board of Independent School District No. 622 be approved?	of the school district. The proposed authorization will raise approximately \$3,000,000 for taxes payable in 2016, the first year to be levied, and would be authorized for ten years. The estimated total cost of the projects to be funded over that time period is approximately \$30,000,000. The money raised by this authorization will provide funds for the acquisition, installation and maintenance of technology and technology systems and for training and directly related personnel costs.
