

Agenda

St. Paul-Ramsey County Food and Nutrition Commission Meeting

November 1, 2010

5:30 – 7:30 p.m.

Ramsey County Library-Roseville, 2180 North Hamline

(at the corner of Hamline and County Road B)

5:30 Greetings and Introductions (Julie Seiber)

5:45 Food Environments in Our Community

The results of the CDC/Minnesota Project/Public Health Department Community Food Assessment

Group Discussion

- What's coming clear about the food environment in our community?
- In what ways do these findings and recommendations correspond with our initial thoughts about priority areas?
- How does it confirm our work at the previous meeting and what else should we be considering?
- How can we use these findings to inform our work?
- What other questions do we have where more information could help inform our decision-making?

6:45 Finalizing Priorities, Identifying Next Steps

Recap of Fall Meetings (Maggi Adamek)

- What have we accomplished so far?
- How do we transition from prioritizing to planning and implementation?
- What are the ways we need to build leadership and engagement of others to move priorities and activities forward? What type of skill-sets does the Commission need from this leadership to move this work forward?
- What decisions do we need to make at the December and January meetings? (Commission and task force leadership; task force planning components; timeline and deliverables for task forces; involvement of city and county staff)

7:20 Given what we have discussed, what will we need to do at upcoming meetings? Are there other events we need to begin planning?

Next two meetings—Dec. 6, same time, same place.

January meeting would be January 4. Change to January 11?

7:30 Adjourn
