

Partner with Ramsey County to

SUPPORT

IMMIGRANT & REFUGEE FAMILIES

Join us in a conversation and information sharing session on Ramsey County's newly proposed wrap around services program and contracting opportunities to provide education, outreach, resource connections, referrals and other supports to immigrant and refugee families.

If you are interested in partnering with the county to provide any of these supports, we invite you to attend! Your insights, experience and expertise are invaluable as we begin to shape this program and develop a contracting process. ***We look forward to seeing you!***
