Tip!

Agencies can establish "Programs" to track businesses that meet specific certification or qualification criteria. For example, an agency may have a certification program for minority-owned businesses or woman-owned businesses for which you may be eligible to participate.

You are encouraged to self-declare any of the attributes that apply to your business, as agencies may perform searches to actively seek out businesses meeting this criteria.

Select any attributes which apply to your business.

- African American Owned
- Asian/Hawaiian Owned
- Hispanic Owned
- Native American Owned
- Small Business
- Veteran Owned
- Woman Owned

Go to the Commodity Codes sub-heading where you can search, select and save all of the commodity codes that relate to your business.

A “Commodity Code” is a type of service. Choose as many Commodity Codes as you want to, in order to receive a broad array of notifications.

FINISHED!!! You will now be notified of any solicitations that the Ramsey County posts on DemandStar.

The screenshot shows the ONVIA DemandStar interface. At the top, there is a navigation menu with tabs: My DemandStar, Suppliers, Account Info, and Commodity Codes. The 'Commodity Codes' tab is selected and highlighted. Below the navigation, there is a section titled 'Commodity Codes: Select Bid Categories'. This section includes a search bar with the placeholder text 'Search Criteria' and a 'Search' button. Below the search bar, there is a list of commodity codes with expandable subcategories. The list includes categories such as Agriculture, Architectural and construction services, Baking, Building and construction supplies, Clothing, Computer Hardware and software, Household Appliances, Industrial supplies, Medical supplies, Miscellaneous, Marine, Office supplies, Rental, Services, and Transportation equipment. Each category has a '+' sign next to it, indicating it can be expanded. At the bottom of the page, there are 'Save' and 'Cancel' buttons.
