Permit Requirements

- 1) No work in connection with this application shall be started until the application is approved and the permit issued.
- 2) The permittee shall notify the County right of way inspector at 651-266-7100 24 hours before the work begins.
- 3) The permittee shall not use Ramsey County right of way to stage and/or store equipment or materials without written permission from Ramsey County.
- 4) The applicant shall be responsible for daily cleaning of the road surface to remove dirt and gravel that is deposited by vehicles using the proposed entrance. Should this requirement not be met to the satisfaction of the right-of-way utility inspectors, Ramsey County may elect to clean the County road with its own forces or contract another agency. All cost for such work performed by the County or its agent shall be the responsibility of the applicant.
- 5) Any debris generated due to work must be removed from the County right-of-way within 24 hours.
- 6) No changes or alterations may be made at any time without written permission from Ramsey County.
- 7) All culverts, ditches, shoulders and back slopes shall be restored to their original condition unless otherwise directed by Ramsey County. Shoulders which have been previously constructed or reconstructed with special materials shall be replaced in kind. Restoration of signs, guardrails, guard posts, etc. are the sole responsibility of the permittee and shall be restored to their original condition or to the satisfaction of Ramsey County.
- 8) The permittee shall stabilize any drainage ditch or swale within 24 hours.
- 9) Restoration of disturbed areas shall be completed (i.e. seeded, mulched, and anchored or sod) with the proper erosion control, including temporary erosion control as needed, within 7 days and maintained until the new turf is established.
- 10) Any culverts or drainage devices deemed necessary by Ramsey County shall be furnished and installed by the permittee.
- 11) OSHA compliant safety vests shall be worn by anyone occupying Ramsey County right-of-way.
- 12) The applicant shall be responsible for the construction and maintenance of the temporary entrance.
- 13) The applicant shall be responsible to report any existing defects in the curb, road or shoulder near the proposed temporary entrance prior to construction.
- 14) The applicant shall be responsible to repair any defects in the curb, road or shoulder after the temporary entrance is removed.
- 15) All traffic control devices required for the safe operation of the proposed temporary entrance shall be the responsibility of the applicant.
- 16) The applicant shall be responsible for any damage claims caused by dirt, gravel and other debris deposited by vehicles using the temporary entrance.

SECTION CORNER MONUMENTS:

- A) Driveway locations shall not interfere with the location of any section, quarter, witness or R.O.W. monuments. For questions, contact the Ramsey County Surveyor's office at 651-266-7100.
- B) The permittee shall be responsible for replacement of any existing property irons disturbed during construction.
- C) The permittee shall notify the Ramsey County Surveyor's office three working days in advance of any anticipated disturbance of any benchmarks or section, quarter, witness or R.O.W. monuments.
- D) Any monuments disturbed during the course of construction shall be reset by the Ramsey County Surveyor's office at the expense of the permittee.
