The Department may require an applicant for a license to participate in a meeting or training session provided by the Department including the use of videotape or other alternative training methods, for the purpose of providing information in the factors that cause and prevent foodborne illness if the applicant is not required to employ a certified food manager.

5.00 INSPECTIONS AND PLAN REVIEW

5.01 Inspection Required. The Department shall inspect each food establishment prior to issuing a license for a new establishment or change of ownership. A license shall not be issued until the corrections required by the Department as a result of the pre-licensing inspection have been made to the satisfaction of the Department.

5.02 Inspection of Food Establishments. The Department shall inspect every food establishment as frequently as it may deem necessary to insure compliance with this Ordinance, but not less than the minimum frequency for establishments established by Minnesota Statutes section 157.20 or other applicable statutes or rules.

5.03 Inspection Report.
   A. The Department shall deliver an inspection report to the owner, manager, or the employee who appears to be responsible for operations at the time of inspection.
The Department may, in lieu of delivering such report, post it upon an inside wall of the food establishment, not in a public area, and such inspection report shall not be defaced or removed by any person except the Department. The posting of the inspection report upon the inside wall of the food establishment shall constitute service of an official notification of the inspection by the Department. The Department may, in lieu of posting such report, deliver it to the licensee or his authorized agent by certified or registered mail. A copy of the inspection report shall be filed with the records of the Department.

B. A licensee shall post a notice of availability of the most recent inspection report. The notice shall be in either of two forms: a sign or brochures. If a sign is used, it shall state in clear, legible letters at least one-half inch high: “This establishment is inspected by Saint Paul - Ramsey County Public Health. A copy of the most recent inspection report may be viewed at Public Health’s offices.” The sign shall include the most recent telephone number for the Department. The sign shall be conspicuously displayed to the public with the current license and food manager certificate(s). If brochures are used, they must be accessible to the public without asking, and must contain at least the following statement: “This establishment is inspected by Saint Paul - Ramsey County Public Health. A copy of the most recent inspection report may be viewed at Public Health’s.” The brochure shall include the most recent telephone number, mailing address and email address for the Department. This requirement shall not apply to temporary food establishments.

5.04 Access to Premises and Records; Interference with Health Authority. The person operating the food establishment shall, upon request and after proper identification of the Department, permit access to all parts of the establishment at any reasonable time for the purpose of inspection, and shall exhibit and allow copying of any records necessary to ascertain sources of foods and methods of food preparation. No persons shall interfere with or hinder the Department in the performance of its duties, or refuse to permit the Department to make such inspections.

5.05 Removal and Correction of Violations. After receiving or having posted a report giving notification of one or more violations of this Ordinance, a licensee shall correct each violation in a reasonable length of time as determined by the Department. The length of time for the correction of each such violation shall be noted on the inspection report. The failure to correct each such violation within the time period noted on the inspection report shall constitute a separate violation of this Ordinance.

5.06 Construction Plan Review Required. A person shall not begin to construct, extensively remodel, or alter a food establishment until the Department has reviewed and approved the plans and specifications required by this subsection. A statutory or home rule charter city or town shall not issue a building permit for a food establishment or remodeling or alteration permit for such establishment until such plans have the approval of the Department. The food establishment shall be constructed and finished in conformance with the approved plans. The Department may inspect the food establishments as frequently as deemed necessary during construction to ensure that construction occurs in conformance with this Ordinance. The Department shall conduct a final inspection prior to the start of operations and issuance of an approved license. If work has commenced prior to approval of plans when required, the Department may issue orders to halt the construction, extensive remodeling, expansion, or alteration, or may issue orders, including demolition or removal, if reasonably necessary to determine compliance with the standards of this Ordinance.

For the purposes of this section, recyclable materials shall include newspaper, glass, corrugated cardboard, and metal cans, and recycler shall mean any person or entity which accepts recyclable materials and assures that the materials are recycled, as defined in Minnesota Statutes section 115A.03 Subd. 25b. When compliance with this subsection shall create an unnecessary hardship, or that strict conformity with this subsection would be unreasonable, impractical, or not feasible under the circumstances, the licensee may apply to the Department for a variance in accordance with the procedure and the requirements set forth in the Ramsey County Administrative Ordinance, section 4.11.

7.02 Procedure for Emergency Closure.

A. The order shall identify the food establishment, describe the specific grounds upon which closure is based, direct the immediate closure of the establishment and vacating of the premises by consumers, list the corrective actions necessary to re-open the establishment, and state that a hearing on the emergency closure may be requested by the licensee. The order shall be served in person on the owner, manager, or person who appears to be responsible for operations of the premises.

B. The person receiving the order shall close the establishment and request all persons to vacate. The establishment shall remain closed until the Department rescinds the order for emergency closure. Failure to close the establishment is a misdemeanor. In the event the person receiving the order fails to close the establishment, the Department may order all persons to vacate the premises. Failure to leave upon said orders is a misdemeanor. Where a person fails to vacate the premises as ordered by the Department, the Sheriff or local police may be summoned to assist in vacating the premises and issuing such citations or making such arrests as may be necessary to comply with this subsection.
