In Ramsey County we are monitoring estimates for revenue losses in 2020 related to COVID-19. We estimate nearly \$5.6 million in revenue losses in 2020, mainly related to arena closures, decreased revenues in parks and reduced bed capacity in direct care facilities and community corrections. We will continue to monitor this.

We are also aggressively pursuing funding opportunities to cover COVID-19 related costs. Below is more detail on the revenue received so far and pending applications.
