Waste Reduction Advisory Committee: Updates

Thank you for your feedback!

Ramsey/Washington Recycling & Energy Center Tour – *more info to come*

Waste-to-Energy – *more info to come*

Small group discussion

Small Group Discussion

Topics

Table 1: Food Scraps Collection for Residents

Table 2: Food Waste Reduction

Table 3: Yard/wood Waste

Discussion questions

- How do we improve collection/programs for these topics?
 - Think about strategies related to education, policy/regulation, community level solutions, reduction and reuse, etc.
- What do we need to be thinking about related to equity and environmental justice for these items/strategies?

A photograph of a large, multi-story brick building with arched windows and a prominent red brick chimney. The building is partially obscured by large, leafy green trees. In the foreground, there is a sidewalk, a brick wall, and a decorative iron fence. The scene is set outdoors on a bright day.
