Recycle your organics in 3 easy steps

- 2 Place organic recycling items into a compostable bag inside your bin.

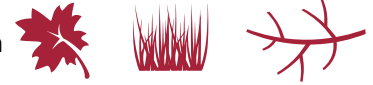

- 3 Bring your compostable bag to a collection site (see pages 7-8).

YARD WASTE COLLECTION SITES

How to recycle at a yard waste collection site in 3 easy steps

- 1 Gather leaves, grass and garden waste separately from trees, branches and shrubs. No stumps.

- 2 Bring yard waste to a Ramsey County collection site. See pages 7-8 for hours and locations.

- 3 Add waste to designated yard waste piles. If you have questions, ask a site monitor.

Don't put leaves, grass clippings, brush and other plant material in the trash. It's against the law!

Do you use a fire pit?

Be considerate of your neighbors – never burn wet wood, recently cut wood, plastic, garbage or yard waste. They can be toxic and create more smoke.
