

ULEAD SUMMER EMPLOYMENT PROGRAM

Hire Young Adults

What's the program?

U LEAD promotes employment and training opportunities for Ramsey County young adults through a summer employment program that focuses on work experience, career exploration, job readiness, and personal development.

We need employers to host.

Supervise young adults and provide them with a meaningful work experience for an 8 week period between June and August, 2017.

What's in it for you?

The opportunity to help young adults is good for business, good for young adults, and good for your community. We can assist you with hiring for summer workers.
